ABSTRACT

The tenth edition of a directory of special clinical facilities for mentally retarded children lists approximately 250 clinics in 48 states providing evaluation, treatment, or followup services. Each entry includes the following information: name, address, phone number, director's name, area served, ages accepted, sponsor, and clinic hours. It is explained that each clinic is staffed by an interdisciplinary team, headed by a physician. (CL)

EC 114630

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE Public Health Service Health Services Administration

DISCRIMINATION PROHIBITED—Title VI of the Civil Rights Act of 1964 states: "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." Therefore, the Federal financial assistance programs mentioned in this publication, like every program or activity receiving financial assistance from the Department of Health, Education, and Welfare, must be operated in compliance with this law.

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
Public Health Service
Health Services Administration
Bureau of Community Health Services
Rockville, Maryland 20857
1978

This is the tenth edition of a list of special clinical facilities for mentally retarded children published by the U.S. Department of Health, Education, and Welfare. In general, the clinics listed can be defined as outpatient medical facilities providing comprehensive evaluation, treatment, or followup services primarily to children suspected of or diagnosed as being mentally retarded. Each clinic is staffed by an interdisciplinary team, headed by a physician who takes the medical responsibility for all patients seen and is in attendance at regularly scheduled hours.

Initially developed to facilitate the exchange of new ideas, approaches, and techniques among these special programs, the list has also been used as a partial directory of specialized clinical services for mentally retarded children.

In developing this list, the Bureau of Community Health Services has functioned only as a reporter. The information about each facility was provided by the clinic itself. Inclusion of a facility in this list does not constitute an endorsement by the Bureau, nor has the Bureau attempted to evaluate either these facilities or their services.

For services in a State that is not included in this list, refer to "areas served" under facilities in adjoining States or contact the State Health Department.

Communications regarding this list, including changes or additions, should be addressed to:
